> DEATH OF A GOOD WOMAN. Died, at her home in this city last Friday, Mrs. J. Fuller Lyon. For nearly two years past Mrs. Lyon has been a great sufferer, and all that medical skill and loving hearts and hands could conceive and do for her was of no avail. The deceased was one of God's noblest and best women. A true friend, a kind and sympathetic neighbor, a loving and affectional stewife and mother. A member of the Methodist church she awaited with devout Christian fortitude the coming of the end. In her last moments all the family were at the bed side. Messrs. Andrew and Frazer Lyon having been telegraphed for, as also was Mrs. W. E. Heath of Columbia, a niece of Mrs. Lyon, and Mrs. Foushe of Ninety-Six. Saturday morning at 10 o'clock the funeral services at the Methodist church were conducted by Dr. Bays assisted by Rev. J. J. Grier and Rev. W. H. Ariall. In the immense crowd were a number of my best friends, who vied with each other in making my ride one of much pleasure.

I met one of my former classinates, and had a delightful time discussing the haleyon days of the past. I conjecture I would have imagined I was living over my college days, had it not been for the appearance of one who has usurped my former place in her affections—it was her husband. They had been married only a short while, and I guessed they were going on a bridal tour.

While engaged in a most interesting conversation, just after sunrise, some one remarked, "This is Portsmouth." I could scarcely refrain from exclaiming

CALHOUN MILLS.

some Notes of the Old Historic Spot. Perhaps there is no place in Abbeville coun-y better known than Calhoun Mills, and the eighborhood once known as Calhoun settle-

nent.

In 1755 five brothers, one sister, Mrs. Alexander Miller, and their mother moved from Pennsylvania and settled on Little River, twelve miles west of Abbeville and eight miles east of Savannah river.

Catherine Calhoun, mother of the five brothers, with James, her son, were massacred by the Indians with many others near Long Cane, February 1, 1769. William Calhoun, the eidest brother, settled one mile from the river on place now owned by John Morrah. Joseph, eidest son of William, built the first mill on the present site of Calhoun Mills about the year 1800. Adhereing to the old English laws he left the property to his eidest son, Joseph, to be entailed on his eldest son, and so on forever.

to be entailed on his eldest son, and so on forever.

If the eldest son died without a son then the
son of the next brother inherited the property.

Joseph Calhoun was for several years memof Congress, but he died in 1817, and John
C. Lalhoun was then elected his succassor.

Joseph, his eldest son, was at the death of
his father in the United States Army, having
fought in the battles of Lundy's Lane and
others. Under General Scott he was promoted
to Captain, which title he kept until the day
of his death. No truer, braver, or better man
ever lived than Capt. Joe Calhoun. On the
death of his father he resigned his commission in the army, and came home to take
charge of his valuable piece of property.

In the hands of Capt. Calhoun great improvements were made. A saw mill and gin
house were built, a large store house, blacksmith and wagon shops. The piace presented
the appearance of a thriving village, being on
the direct route of the old Piedmont line of
stages from Abbeville to Washington. This
was one of the stopping places to change
horses and get breakfast. He married in 1819.
His first two sons died, then four daughters
were born. His health gave way from the effect of a wound received in the army. He
feared the mill would go to the eldest son of
his next brother—six months before his death
his third son, Joseph, was born. Like Simeon
of old, he was then ready to die.

The court decided that the heir being so
young it would be best to sell the property
and put the money out on interest. In 1841 at
public sale, the property was sold for \$5,000,
Mr. Odis Duval of Willington, and William Sayce,
of Georgia. They built a large frame mill,
three stories; a handsome dwelling, two
large stories; drug store, cabinet shop, etc.

In 1853 the mill house was burnt. With renewed energy bricks were made on the place
and the present house was built, with all the
improved machinery. About this time the
property was more prosperous then ever before or since. Wagons loaded with fiour were
hauled to Abbeville

Miss Elise Carwile gave her school entertainment on the night of June 4. It consisted of recitations, songs, drills, tableaux, &c. It was a decided success and showed that the of recitations, songs, drills, tableaux, &c. It was a decided success and showed that the teacher had taken great pains with the pupils, and that she was rewarded with complete success. Where all did so well, it would perhaps look like partiality to make special mention of any particular one. We will hower call attention to the pole drill of the girls, which we do not think court be excelled. Every one seemed greatly pleased, especially the patrons, and every one of the patrons expressed themselves as perfectly satisfied with the efforts of the teacher, so much so that at the close of the entertainment, Mr. E. W. Watson presented a resolution signed by every patron of the school, stating that they were perfectly satisfied, and that that they were perfectly satisfied, and that that they believed Miss Carwile had done her whole duty in the conducting of the school. Mrs. John H. Chiles, Jr., assisted Miss Carwile and furnished delightful music on the plano. Miss Carwile and the whole community are under obligations to messrs, Miller and James Callison of Bold Spring, for elegant music on the violin and base violin and their thanks are hereby tendered those gentlemen. The ladies of the A. R. P. Church had ice cream, lemonade, and cake after the close of the entertainment and made a nice little sum of money for the church. A parishioner, who was a dear friend, read his pastor a page from life's his-tory to this fact: When a small boy he gave his heart to Christ. He was engaged in a brickyard to carry clay, often on his head, for twenty-five cents a day. Then he vowed that one-tenth of his income he would give to God. This he conscientiously did, and prosperity followed until his income was \$10,000; and then the trial of his life Take notice that on the 8th day of July 1895, I will render a final account of my actings and doings as Executor of the Estate of Rachel Rapley, deceased, in the office of Judge of Probate for Abbeville County at 10 o'clock a. m., and on the same day will apply for a final discharge from my trust as such.

\$10,000; and then the trial of his life came, in which he went down in a financial disaster. Here his faith balked. He said: "After disaster had swept all away I learned what I had not known before—that it is easier to give one-tenth of \$72 than of \$10,000. A man is truer to God when he works for twenty-five cents a day, and has less tempations and more strength to meet them, whose income is six dollars a month than if it is \$833.33."
